**AMENDMENT AND RESPONSE TO OFFICE ACTION**

Assistant Commissioner for Patents  
Washington, D.C. 20231

In response to the Office Action mailed November 5, 2002 please amend the above-referenced application as follows:

**In the Specification**

Please replace the paragraph starting at line 20, page 8 with the following:

It will be appreciated that the computer system 1 is one example of many possible computer systems which have different architectures. The computer system of FIG. 1 may be, for example, an Apple Macintosh computer, such as an Apple iMac computer. FIG. 1 is also illustrative of personal computers based on an Intel microprocessor. Such personal computers often have multiple buses, one of which can be considered to be a peripheral bus. Network computers are another type of computer system that can be used with the present invention. Network computers do not usually include a hard disk or other mass storage, and
